Do you have a loved one in the Armed Services? Having difficulty staying in contact with them? The American Red Cross of Kosciusko County now has a Family Resource Room where family members of our servicemen and women will be better able to communicate with loved ones and have resources at their fingertips. There is an opportunity to send pictures via email, have video conferencing via Skype, send video messages or even to print pictures of loved ones from over seas. This Family Resource Room also enables families to do financial planning , build a résumé, printing, copying, or research for other resources available to them.

This program is a free service offered to all members of the armed forces and their families and to veterans. The Resource Room will be available Monday through Friday from 8:00 am to 4:00 pm. After hour appointments may be requested at the Chapter for special circumstances. For more information, please contact the American Red Cross of Kosciusko County at (574) 267-5244 or stop in to check out the Family Resource Room.
